PREFACE.

In issuing the Glasgow Post Office Directory for 1925-1926, the Publishers beg to express their thanks for the liberal patronage bestowed on the work during the long period of ninety-seven years, and desire to state that as formerly no effort has been spared to render it as accurate and complete as possible. They, however, do not hold themselves responsible for any error or omission.

The Almanac, Banks, &c., Statistics of the Population of the City and Suburbs, the Parliamentary and Municipal Voters for 1924-1925, with the Parliamentary Divisions of the City and Members of Parliament, also a description of the revised Municipal Wards, will be found in their former positions, and other items of general information. To these have been added a list of the Secretaries of the various Ward Committees. In the Streets Section of the Directory (pages 733 to 1086) the letters or numerals affixed to the name of each street or place indicate the Postal District in which such street is situated. Pages 22 to 58 comprise an Alphabetical List of Streets, &c., showing the locality in which they are situated. The capital and small letters prefixed to each street indicate its position on the Map, and the affixed numbers show, in the differently described columns, the Registration District and Municipal Ward.

The Plan Map, issued under separate cover, has been revised and brought up to date by Messrs. J. Bartholomew & Son, Ltd., Edinburgh, and in addition will show, in *red*, the Parliamentary Divisions and Municipal Wards of the City.

The various Suburban Districts around the City are given, as formerly, revised and corrected.

In the Appendix will be found useful details regarding various Institutions and Public Offices.

The printing has been done by Messrs. Aird & Coghill, Ltd., 24 Douglas Street, C.2, and the binding by Messrs. Gowans & Gray, Ltd., 58 Cadogan Street, C.2.

All communications on Directory business should be addressed to the Editor, Post Office Directory, 207 Ingram Street, Glasgow, C.1.

All communications regarding Advertisements in the Post Office Directory to be addressed to Mr. A. H. Sturrock, 101 St. Vincent Street, C.2.

CLEAN WASHED

SAND AND GRAVEL

BY ROAD, RAIL OR SEA

For over a quarter of a century we have successfully specialised in marketing the various grades of Sand and Gravel required for Industrial and other purposes.

Our products are recognised by prominent Engineers, Architects, Reinforced Concrete Experts, and Tradesmen, as "standard," owing to their uniform high quality.

Our success in maintaining and guaranteeing the quality lies in the adoption of most ingeniously designed plant, in which are embodied quite a number of inventions, in addition to Patent No. 136624, "System of loading Vessels with Solids from Centrifugal Pumps." The plant enables us to efficiently dredge, wash perfectly clean, and grade, enormous quantities at extremely low cost, the product retained for market being rendered absolutely free from all Clay, Mud, Slime, Silt, or Rubbish.

This is better understood by the fact that on an average there is used over ten tons of water to wash, clean, and grade every ton of Sand or Gravel we retain for our Customers. Samples and Prices on Application to—
